EDUCATION

Master's Degree
Texas Tech University

08/2023 - 05/2025

Lubbock, Tx

WORK EXPERIENCE

Programmer Analyst
Cognizant Technology Solutions

06/2021 - 06/2023

Hyderabad, IN

SEE

- Conducted daily monitoring of data pipelines in cloud-based analytics platforms, promptly alerting the team to any failures, ensuring timely data processing and availability.
- Generated daily reports to identify and address gaps in data quality, ensuring the integrity of datasets used for analysis and decision-making.
- Managed cloud service tickets related to data storage, access issues, and analytics tools, providing efficient solutions to maintain system performance.
- Conducted weekly audits to verify the accuracy and consistency of data within cloud storage systems, ensuring compliance with client data requirements and sharing comprehensive reports with stakeholders.
- Performed monthly audits to validate the completeness and accuracy of data updates within cloud environments, ensuring reliable data analytics.
- Led year-end data migration activities to ensure the seamless transfer of data to cloud-based vendors, meticulously verifying the accuracy of all outgoing data streams.
- Collaborated on new data integration requests and feature enhancements, facilitating the addition or removal of data fields in cloud-based systems as per client specifications.
- Executed data enhancement projects, meticulously implementing requested fields and datasets within cloud environments, adhering to project timelines and client requirements

PERSONAL PROJECTS

Accenture North America Data Analytics and Visualization Job Simulation (12/2024)

- Completed a simulation focused on advising a hypothetical social media client as a Data Analyst at Accenture.
- Cleaned, modelled and analyzed 7 datasets to uncover insights into content trends to inform strategic decisions.
- Prepared a PowerPoint deck and video presentation to communicate key insights for the client and internal stakeholders.

PwC Switzerland Power BI Job Simulation (12/2024)

- Completed a job simulation where I strengthened my PowerBI skills to better understand clients and their data visualisation needs.
- Demonstrated expertise in data visualization through creating Power BI dashboards that effectively conveyed KPIs, showcasing the ability to respond to client requests with well-designed solutions.
- Strong communication skills reflected in the concise and informative email communication with engagement partners, delivering valuable insights and actionable suggestions based on data analysis.
- Leveraged analytical problem-solving skills to examine HR data, particularly focusing on gender-related KPIs, and identified root causes for gender balance issues at the executive management level, highlighting a commitment to data-driven decision-making.
